"A SOUND MIND IN A HEALTH BODY"
Caleb Mills

This quotation symbolizes the spirit of the Annual English-Latin football game. Both institutions through their athletic and educational programs seek to develop sound minds in healthy bodies. This titanic struggle illustrates that a combination of talents must be obtained to master any situation and reminds us all of our need for physical activities and mental stimulation. Tradition dictates that there must be a loser in this game but in fact all who participate win. I wish both teams the best and hope they carry well the memory of this game and continue their search for excellence.

LATIN

As the month of November rolls around thoughts along the avenue turn towards the renewal of perhaps the oldest and finest rivalry in schoolboy athletics. The friendly rivalry that exists between these two great secondary schools is a source of pride to every member of each school's community. The spirit, enthusiasm and determination of the students attending these two fine educational institutions is as great now as it was when this series first began. I commend the dedication of the coaches and players of both schools. Let us continue the tradition of school excellence and good sportsmanship which has existed through the long and brilliant history of each school.

In our effort to rebuild the English High football tradition I'd like to thank the student athletes and our coaching staff. We feel this season was a representative one and we look cheerfully to the future.

We appreciate our association with interscholastic sports and the English High School.

I'd like to congratulate Boston Latin coaches and administrators for a fine season and look forward to our continued involvement.

Sam Pearson,
Head Coach of Football

COACH'S STATEMENT

The 1978 Boston Latin School Football team has been a very pleasant surprise. With only two starters returning from last year's team, Wolfpack '78 has come up with a tremendous performance. I am very grateful to have had the opportunity to coach this fine group of young men.

We have had to travel far and wide this season to play football games. Trips to Taunton, Acton, Boxborough, and Chicopee highlighted the season. The team, under the leadership of Capt. Mike Galvin, demonstrated great poise, spirit and pride.

I would like to extend my appreciation and thanks to my three Assistant Coaches, Steve Cohen, Paul Mani and Dave Lowe for a fine job of coaching.

THE BOSTON ENGLISH HIGH SCHOOL

In 1821 when James Monroe was president,
The English High School was founded in Boston.
As the years passed, progress in education
Has produced leading citizens from this institution.

Here where ethnic background is not important
Interest centers in individual development.
At this institution a fine education may be obtained
And the students' potential may be achieved.

English High has produced leaders in all walks of life.
They have served in our wars to make their nation safe.
As the tradition of America's oldest high school indicates
We take pride in the integrity of our graduates.
